PROFESSIONAL SUMMARY:

Full-stack web developer with experience in designing, developing, and deploying web applications. Skilled in creating efficient and scalable systems to improve user engagement and performance. Eager to contribute by applying strong full-stack skills and a problem-solving mindset developed through hands-on projects and internships.

TECHNICAL SKILLS:

- **Programming Languages:** Python, JavaScript
- **Frameworks and Libraries:** HTML, CSS, React, React Native
- **Database Language:** SQL
- **Tools:** Git, GitHub, VS Code
- **Other Skills:** OOPS, Problem-Solving
- **LEETCODE PROFILE:** https://leetcode.com/u/khyati_patamsetti/
- **HACKERRANK PROFILE:** https://www.hackerrank.com/profile/khyatipatamsett1

EXPERIENCE:

Technical Hub Intern — Full Stack Web Development

Surampalem | June 2024 - July 2024

- Developed 3+ responsive web apps using React, HTML, CSS, and JavaScript, leading to improved usability and 40% faster user interaction performance in tests
- Reduced page load time by 30% by implementing code splitting and modular reusable React components

Technical Hub Intern — React Native Development

Surampalem | May 2025 - June 2025

- Developed and tested 2 cross-platform mobile apps using React Native on Android via Expo Go, achieving smooth UI performance and over 90% responsiveness score in emulator tests.
- Collaborated on a full-stack app with API integration and state management.

EDUCATION:

B.Tech in Information Technology

Aditya Engineering College, Andhra Pradesh

2022 – 2026 | CGPA: 8.62

Intermediate in MPC

Tirumala Junior College, Andhra Pradesh

2020 – 2022 | PERCENTAGE – 92.8%

CERTIFICATIONS:

- Summer Internship on React Native
- Short-Term Internship on Full Stack Development
- Cisco: JavaScript Essentials - 1 & 2
- Cisco: Python Essentials - 1 & 2

PROJECTS:

DOUBTIFY APPLICATION | React Native, Express.js, Node.js, MongoDB

- Developed a full-featured mobile quiz application using React Native.
- Implemented user authentication with sign-up, login, OTP verification, and password recovery.
- Built a dynamic quiz system with multiple-choice questions, timer, review questions and real-time score calculation.
- Designed an intuitive home page and user flow for seamless navigation.
- Integrated secure API communication for data handling and authentication logic.
- Integrated chatbot, image-to-answer, and video generation features.
